INTRODUCTION

In recognition of the need to facilitate the relocation and resettlement of those Jamaicans who return home to retire, invest, work or share experiences and expertise gained abroad, the Government of Jamaica introduced a number of procedures and mechanisms aimed at simplifying the bureaucratic processes. One such initiative was the implementation of the *Charter for Long-term Returning Residents* in 1993, the provisions of which include:

- The establishment of a Returning Residents Facilitation Unit in the Ministry of Foreign Affairs and Foreign Trade to deal specifically with Returning Residents’ matters in coordination with Jamaica’s Missions abroad, in particular, those in the United States of America, Canada and the United Kingdom, as well as Ministries and Government Agencies which administer the various procedures and regulations affecting Returning Residents.

- The review of statutory provisions relating to matters such as eligibility for concessions and importation of personal and household effects and tools of trade.

- The standardization of the procedures relating to the importation of motor vehicles.

- The provision of adequate and current information to Returning Residents.

The Returning Residents Facilitation Unit (RRFU) subsequently was upgraded to a department, now known as the *Diaspora and Consular Affairs Department*. The Department serves as the focal point for the facilitation of assistance to Returning Residents through the transmission of information to and from overseas based Jamaicans. The functions of the Department include:

- Administration of the Returning Residents’ Programme

- Monitoring of procedures relating to the relocation process; the identification of problems; and the facilitation of solutions.

- Promotion of the development of a policy supportive of the interests of Jamaican communities in their respective host countries.

- Encouragement and mobilization of Jamaicans abroad in the promotion of mutually beneficial relationships that contribute to national development.
In carrying out its functions the Department liaises with key Ministries, Departments and Agencies, including:

- The Ministry of National Security - matters relating to nationality, citizenship and immigration procedures;
- The Customs Department - matters relating to eligibility for concessions, and the importation and clearance of personal and household effects, tools of trade, motor vehicles and other items;
- The Trade Board Limited - matters relating to the issuance of Import Licences;
- The Ministry of Development (Cabinet Office) and JAMPRO - matters relating to investment policy and establishment of businesses.

**ELIGIBILITY AND BASIC REQUIREMENTS FOR RETURNING RESIDENT STATUS**

In order to qualify for Returning Resident status and benefit from concessions on personal and household effects and tools of trade, the following requirements must be met:

- Be a Jamaican national who has attained the age of eighteen (18) years;
- Have been resident overseas for the last three (3) consecutive years;
- Be returning to Jamaica to reside permanently.

**Special Cases**

- Non-Jamaican male spouses or persons who qualify for returning resident status are afforded the same concessions as their Jamaican partner. This provision applied previously only to non-Jamaican female spouses of returning residents.
A couple will be treated as one family if they return together. Spouses who do not return together but do so within three (3) years of each other are treated as one family and are entitled to only one (1) concession.

- Students who have attained the age of eighteen (18) years who have studied abroad for more than one (1) year, but less than three (3) years qualify for concessions in respect of tools of trade; some normally dutiable items which may be new or used; and used household effects.

- Jamaicans who renounced their citizenship and can provide evidence of that previous status are granted the status of a returning resident.

Eligibility to receive concessions as a Returning Resident is determined by the Jamaica Customs Department. This must be sought after arrival in Jamaica, and before beginning the process of clearance of personal and household effects and tools of trade. The importation of items should be done within six (6) months before or after the arrival of the returning resident.

It is necessary to attend an interview at the Returning Residents Unit of the Customs Department at the Head Office in Kingston or Montego Bay. The following documents must be presented at the interview:

- Valid passport; if recently issued, expired passport must also be presented.

- Documentary evidence to substantiate residence outside of Jamaica for more than the last three (3) consecutive years. Short visits to Jamaica for vacation do not affect eligibility;

- Documentary evidence to substantiate intention to re-establish permanent residence in Jamaica.

- In the case of students, a letter from the university, college or educational institution attended, confirming the duration of the course of study or time spent at the institution.

- The Unaccompanied Baggage Declaration Form (C27) (obtainable at the airport/seaport on arrival in Jamaica);

- Taxpayer Registration Number Card (TRN)

**PERSONAL AND HOUSEHOLD EFFECTS**

Personal and household effects include personal items of clothing, adornment, toiletries, furniture and household appliances of such items, whether new or used, may be imported free of customs duty by an eligible Returning Resident. These are set out in Appendix A-1 of this Information Booklet.

Small household and other items carried as accompanied baggage are considered dutiable and, if desired will be detained until eligibility for Returning Resident status has been confirmed by the Customs Department.
Tools of Trade

Tools of Trade are defined as *that type and amount of instruments, tools, equipment, devices and machinery used in the normal course and scope of a person’s profession, trade or occupation without utilizing additional labour.*

Returning Residents may import these items free of customs duty, provided that the Customs Officer is satisfied that:

- the items are for the sole use of the individual for purposes of income generation;
- the individual is qualified to use them;
- they are of the type and quantity that can be used; and
- they are not imported for sale.

These items may be either new or used.

If it is intended to establish a business that will require the employment of additional labour, any additional equipment that is required will not be classified as tools of trade and as such, is dutiable. Assistance in determining whether the intended items for importation comply with the definition of tools of trade may be sought from the Customs Department through the Missions overseas or the Diaspora and Consular Affairs Department. Such request for assistance should be accompanied by documentary evidence including:

- Notarized certificate or diploma, from a recognized educational or training institution or professional body.
- Reference from a former employer or customer attesting to experience in the designated field;
- Copies of professional or business directories in which the service offered is listed;
• Details of the items. In the case of used equipment, an inventory of the items along with a professional valuation of their current condition and value should be provided, except in the case of equipment less than one year old, where the original invoice from the supplier can be provided. Used equipment are those owned and in use for a period of six (6) months or more.

A certified invoice is required for new equipment.

The determination of compliance is conveyed in writing, including an indication of the duty payable, if the items do not qualify for duty exemption. The definitive assessment of the items however, can be made only on the clearance of the items. A concession for tools of trade is granted to each qualified individual within a family.

PROCEDURES FOR THE CLEARANCE OF UNACCOMPANIED BAGGAGE

• Interview at the Returning Residents Unit of the Customs Department. Full declaration of the items must be made.

• Inspection of the personal and household effects and tools of trade.

• Release of the personal and household effects and tools of trade.

IMPORTATION OF MOTOR VEHICLES

Any Jamaican over eighteen (18) years old may import two (2) motor vehicles, whether a motor car and a light commercial unit or two light commercial units. Used vehicles should not be more than three (3) years and eleven (11) months motor cars and four (4) years and eleven (11) months for light commercial vehicles at the time of importation.
Applications for the importation of classic/antique/limited edition motor vehicles **MUST** be accompanied by documentary support from the Jamaica Classic Car Club, as well as documentary evidence that the unit falls within the definition and category specified by the Motor Vehicle Import Policy.

Prospective importers of vehicles for agricultural use seeking duty concession **MUST FIRST** obtain approval through the relevant parish office of the Rural Agricultural Development Agency (RADA) prior to importation. The Trade Board requires evidence of any duty concession granted at the time the relevant Motor Vehicle Import Licence application is submitted.

An import licence is **NOT required** for the importation of oversized vehicles (heavy-duty trucks, tractors and trailers - three (3) tons and over unladen weight). Importers **MUST FIRST** obtain written permission from the Island Traffic Authority **BEFORE** importing such units.

A Certificate of Fitness is required only for motor vehicles to be imported from a country where it is a statutory requirement that vehicles be examined and certified prior to shipment.

Vehicles imported from countries where they drive on the right **must be** modified to allow passengers to enter/exit on the curbside of the road and for the beam of the headlamps to reflect down on the left horizontal plane or up and down on the vertical plane.

Import licences issued by the Trade Board Limited are valid for the duration of the financial year in which they are granted, **that is, the period 1st April to 31st March of any given year or remaining portion thereof**.

An importer must obtain an Import Licence from the Trade Board **BEFORE** shipping the vehicle.

The importer should submit the application form (**The Order and Clearance Permit**) in triplicate to the Trade Board. These forms may be obtained from the Trade Board for a fee of J$35, or from the respective Missions overseas for a fee of US$1, CDN$1 or £1.

Applications must be accompanied by the following documents:
• Pro-forma invoice from the dealer for a new vehicle.
• Certificate of title or registration.
• Taxpayer Registration Number (TRN) (photocopy of both sides of the card)
• Certified copies of two (2) forms of identification which may be any of the following:
  o Passport (bio-data pages)
  o Driver’s licence (both sides)
  o Electoral Identification Card

Copies of identification documents must be certified by a Justice of the Peace or Notary Public or by a Consular Officer at any Jamaican Mission overseas.

The fee for the processing of the Import Licence is the equivalent of J$ 3,495 and is payable by cheque, international money order or postal order to the Trade Board Limited. This fee is non-refundable.

Applications are processed within twenty-four (24) hours of receipt by the Trade Board. The Import Licence must be collected in person or by a Customs Broker acting on the importer’s behalf or by an individual authorized by the importer.

Applications for an Import License may be made through the Trade Board Information System (TBIS). The Trade Board's website [www.tradeboard.gov.jm](http://www.tradeboard.gov.jm) provides details on this system.

The penalty for importing a motor vehicle without a valid import permit is a fine equivalent to three (3) times the value of the vehicle and seizure of the vehicle.

**DOCUMENTATION AND PROCEDURE FOR CLEARANCE**

Documents required for clearance include:

• Import Licence

• Title

• Invoice, if the odometer reading is under 3000 miles.

• Bill of Lading
• Bill of Sight

• Tax Compliance Certificate (TCC) and Taxpayer Registration Number (TRN) - obtainable from the Tax Administration Services Department.

• C78 Import Entry Form - primary import document on which the particulars of the motor vehicle: the importer, shipment details, duties paid, are recorded. This is prepared and submitted to Customs by the Customs Broker.

The services of a Customs Broker must be secured to clear the vehicle as the individual is not permitted to do so.

**Importation Of Other Items**

• **ANIMALS**

The importation of pets and other animals requires a permit from the Veterinary Services Division of the Ministry of Agriculture and Land. This permit, which must be obtained prior to importation, attracts a fee. Certain conditions as well as other customs, quarantine and veterinary fees are also applicable. It should be noted that in the case of dogs and cats, only those that are born and bred in the United Kingdom may be imported into Jamaica. Certification to this effect must be obtained from the relevant authority in the United Kingdom.

• **PLANTS & PLANT PRODUCTS (Ground Provisions, Fruits and Vegetables)**

A phyto-sanitary Permit is required for the importation of plants and plant products. The application for such permit should be submitted in writing to the Chief Quarantine Officer, Ministry of Agriculture and Land and should indicate the items, quantities and country of origin.
• **Prohibited or Banned Substances**

The importation of equipment and appliances containing chlorofluorocarbons (cfcs) is prohibited. Equipment such as refrigerators, freezers and air-conditioners for domestic, commercial and motor vehicular use may fall in this category. Details of prohibited or banned substances and/or goods may be obtained from the Trade Board.

• **General Goods**

Returning Residents should also be aware of the possibility that certain goods might require an import permit or other certification. Therefore, it is advisable to ascertain the status of a particular item from the Trade Board in the event of any doubt.

**Penalties for Non-Compliance with Import Regulations**

The law provides for a number of stiff penalties for non-compliance and abuse of the regulations and conditions relating to the concessions for Returning Residents. Penalties include punitive customs duties, fines and confiscation of illegally imported items.
